

# Announcing.....

## C.L.A.P.S.

### “Come-L-augh-A-ct-P-lay-S-ing”

### Upper Middle School/High Schoolers

The first game night was great!!!! It was so very exciting to see everyone looking, laughing, playing, and just hanging!

**WHAT IS IT:** A once monthly Friday night “Hang-Out/Game Time” for former and current students combining both my Pittstown and Morristown offices by age/grade:

**WHAT ABOUT IT:** It is a place to hang out, play games, but with structure and reason behind the activities. The activities will have social thinking purposes- to socialize of course, play new/different games, be with new (and old) people, experience new things- practice those areas in a real situation- conversation, asking questions, using your noodle, complimenting, getting to know others, etc. There will be 2-3-4 person games set up throughout. There will also be whole group activities- singing rounds, musical performances, magic, skits, as examples. Of course there is flexibility how students may want to participate (i.e. if you are not a singer, maybe you play an instrument, or you may be the “conductor” for your group when we sing rounds). Of course, we all need to “Bend Our Brains.”

Putting Pittstown and Morristown students together will help to form new relationships and something to look forward to each month. It gives everyone more practice at larger get togethers.

**WHEN:** One Friday night each month from 7:00 PM – 9:00 PM.

**Next time is January 16, 2015 in Morristown.**

**WHERE:** To start with, at the Morristown office; 3 Elm Street; Morristown, NJ 07960, 2<sup>nd</sup> floor. We will also have some at my Pittstown place as well. This will keep the get-togethers fresher, more exciting, and different (be flexible).

**COST:** \$60.00 for the 2 hours payable when you come either by cash or check (payable to Adam Joshua Ltd.). This will not be covered by insurance.

**PARTICIPATION:** The students are not committed to have to come each month (although of course they are welcome to). There will be different activities/topics going on each time. Just let me know by Monday of that week so I can know how many students to expect and I can plan.

**PARENTS:** Parents do not need to stay. Go have dinner out (even with some of the other parents) and come back by 8:50 PM! There will be myself, my son (who graduated college), and my niece (graduating high school) as the support staff.

I will provide water and a snack.

**If they would like to bring a board game from home for this session, that would be great. They can explain it to the other guys in the group! But, no video games quite yet!!!**

Alana Fichtelberg, M.A., CCC-SLP  
Speech/Language Pathologist  
Social Thinking- Level 1  
PROMPT Trained- Level I and II
